

N.A.P.P.

VOLUME XXVII

JUNE 1990

NO. 6

GREETINGS FROM THE PRESIDENT

Last call for Anchorage Flight November Alpha Papa Papa.

Send your reservations NOW to Archbishop Hurley. He wants to send registrants a special FAA information packet.

If you are undecided or unable, send greetings anyway. We can enliven the annual 45 min. business meeting with your vibrant prose should time permit. Adventurous tales about yourself and flying trips might also spice the OUTDOOR SALMON BAKE which follows the 4:00 PM Wednesday BUSINESS MEETING and CONCELEBRATED MASS.

Evening temperatures could call for a jacket and/or sweater. Moreover, the Archbishop says the BIG mosquitoes are not around after June. Only the small ones will attack. Bring lotion.

School is out for a couple of months. Alleluia. May (sic), June, July and August give each the relief needed. The Bishop of Sioux City is "asking" us to take 24 hours off each week. The work ethic is till strong in the mid-west.

Frank Nemmers

1. This is the final issue before the annual convention in Anchorage. Evidently not too much has been happening in the lives of the Flying Padres as nothing has crossed my desk since the last issue. While articles like 11 SECONDS AFTER 12:02 in the last issue make for very interesting reading it is nice to know we have gotten by another few months without an incident. Praise God for that!

2. **The Alaska Adventure:** Several have expressed a concern that Mother Nature may provide a spectral display for us during the time of our Convention in the form of a volcanic eruption and the consequent hazard to flying. Archbishop Hurley informs me there is no problem with recip engine aircraft in the Anchorage area nor the highway route we will be flying. Don't let the fear hold you back. In fact, a flight to the volcano - about 100 miles - may make an interesting venture for those who've never seen one.

3. Another pilot called and said he was informed by his insurance company he is not covered in Alaska. He has coverage in Canada but NOT Alaska...interesting, to say the least. CAUTION: check your policy before departing for the north lands.

4. You will find enclosed in the newsletter two letters. One is from our 1991 Host, RAY EAGESSE in St. Louis. The letter is self explanatory so please respond to him with your suggestions.

The other is from EAA in Oshkosh. In April we put them on the mailing list so they now receive our newsletter.

**ADDRESS ALL CORRESPONDENCE TO:**

February 20, 1990

Dear Editor:

We understand that you have a type club for your aircraft. We would be highly interested in your placing us on the mailing list for the newsletter. We answer many questions here for members and it would be of great value to us to be kept up-to-date on what is new.

The Information Services Department answers approximately 13,000 letters and calls annually, many of them on your type design. We would appreciate your mailing your newsletters to EAA Information Services Department, EAA Aviation Center, Oshkosh, Wisconsin 54903-3086.

Thank you for your help on this.

Sincerely,

EXPERIMENTAL AIRCRAFT ASSOCIATION

Ben Owen  
Executive Director  
Information Services

May 7, 1990

Rev. Mel Hemann  
St. Joseph Church, Box 309  
Preston, Iowa 52069

Dear Mel:

Unfortunately, I am unable to make the 1990 Convention in Anchorage (the same happened for the Midwest regional). This is sad considering the number of fellow Jesuits and some classmates in Alaska whom I have not seen in some time, as well as the missed opportunity to do lots of hangar flying with padres who speak/fly the same language. While the group is assembled in Alaska, I am asking you to do me the favor of sounding out interests for the 1991 St. Louis convention that I shall be hosting. Listed below are some possible areas of interest and activities:

**TOURS:**

St. Louis Cathedral  
Lambert Control Tower  
Flight Simulators (e.g., MD-80)  
McDonnell-Douglas Plant  
Our Lady of the Snows Shrine  
Cahokia Indian Mounds Museum and Site  
St. Louis City (Arch, Brewery, etc.)  
Lindbergh Collection/Archives

**ACTIVITIES:**

FAA Speakers  
Biennial or Annual Flight Review  
Interviews with Aerospace Educators or Dignitaries  
Annual Retreat

**OTHER:**

(fill in the blank)

Thanks for the help. As the fall season arrives, I shall start to generate announcements about the 1991 convention. I wish I could be with you. Please give my greetings to the assembled flight crew.

Fraternally yours,

5

Raymond R. Lagesse, S. J.
